

Pedagogy:

Utilising the **Magenta Principles**, our curriculum has been constructed using a philosophy and approach to teaching based upon the premise that learning should be both **exciting** and **engaging**. More specifically, a pedagogy underpinned by a belief that:

- ***Learning is the consequence of thinking.....***

*therefore our job is to get children to **think**.*

- ***Language is central to thinking.....***

*therefore our job is to get children to **talk**.*

- ***Learning is an active process.....***

*therefore our job is to get children **doing**.*

The Magenta Principles by Mike Hughes

Our curriculum places **significant importance** on children **thinking**, **talking** and **doing**. We have carefully structured our curriculum, chosen our curriculum approaches and delivery partners who share this philosophy.
