

National Curriculum Aims

The national curriculum for physical education aims to ensure that all pupils:

- develop competence to excel in a broad range of physical activities
- are physically active for sustained periods of time
- engage in competitive sports and activities
- lead healthy, active lives.

Expected covered content from Key Stage 1

Pupils should develop fundamental movement skills, become increasingly competent and confident and access a broad range of opportunities to extend their agility, balance and coordination, individually and with others. They should be able to engage in competitive (both against self and against others) and co-operative physical activities, in a range of increasingly challenging situations.

Pupils should be taught to:

- master basic movements including running, jumping, throwing and catching, as well as developing balance, agility and co-ordination, and begin to apply these in a range of activities
- participate in team games, developing simple tactics for attacking and defending
- perform dances using simple movement patterns.

Actual KS2 Coverage

Pupils should continue to apply and develop a broader range of skills, learning how to use them in different ways and to link them to make actions and sequences of movement. They should enjoy communicating, collaborating and competing with each other. They should develop an understanding of how to improve in different physical activities and sports and learn how to evaluate and recognise their own success. All schools must provide swimming instruction either in key stage 1 or key stage 2.

	Year 3	Year 4	Year 5	Year 6
Use running, jumping, throwing and catching in isolation and in combination	T3- Handball T4- Ball skills T5- Cricket	T1- Tag Rugby T2- Netball T3- Hockey / Dodgeball T4- Basketball T6- Rounders / Tennis	T2- Volleyball T3- Dodgeball T4- Netball T5- Athletics	T1- Tag Rugby T2- Basketball T5- Cricket T6- Rounders / Handball
Play competitive games, modified where appropriate [for example, badminton, basketball, cricket, football, hockey, netball, rounders and tennis], and apply basic principles suitable for attacking and defending	T2- Football T3- Handball T5- Cricket T6- Tennis	T1- Tag Rugby T2- Netball T3- Hockey / Dodgeball T4- Basketball T6- Rounders / Tennis	T2- Volleyball/ Football T3- Dodgeball T4- Netball/ Tennis	T1- Tag Rugby / Badminton T2- Basketball T3- Hockey T4- Tennis T5- Cricket T6- Rounders / Handball
Develop flexibility, strength, technique, control and balance [for example, through athletics and gymnastics]	T1- Yoga T3- Gymnastics T4- Gymnastics T5- Athletics	T2- Gymnastics T4- Fitness T5- Athletics / Dance	T1- Yoga T3- Fitness T5- Athletics / Gymnastics T6- Dance	T2- Dance T3- Gymnastics T4- Athletics T5- Fitness
Perform dances using a range of movement patterns	T2- Dance	T5- Dance	T5 - Gymnastics T6- Dance	T2- Dance T3 - Gymnastics
Take part in outdoor and adventurous activity challenges both individually and within a team		T1- OAA	T6- OAA	
Compare their performances with previous ones and demonstrate improvement to achieve their personal best.	T2- Dance T3- Gymnastics	T2- Gymnastics T5- Dance	T5 - Gymnastics T6- Dance	T2- Dance T3 - Gymnastics
Swimming and water safety: Swim competently, confidently and proficiently over a distance of at least 25 metres			T1- Swimming T2- Swimming T3- Swimming T4- Swimming	T5- Swimming T6- Swimming
Use a range of strokes effectively [for example, front crawl, backstroke and breaststroke]			T1- Swimming T2- Swimming T3- Swimming T4- Swimming	T5- Swimming T6- Swimming
Perform safe self-rescue in different water-based situations.			T2- Swimming T4- Swimming	T5- Swimming T6- Swimming

	Term 1	Term 2	Term 3	Term 4	Term 5	Term 6
Year 3	<p>FUNDAMENTALS</p> <p>Running: To understand that leaning slightly forwards helps to increase speed (acceleration). Leaning my body in the opposite direction to travel helps to slow down (deceleration).</p> <p>Balancing: To understand how balance helps us with everyday tasks. Jumping and hopping: know that if I jump and land in quick succession, momentum will help me to jump further.</p> <p>Skipping: To understand that I should turn the rope from my wrists with wide hands to create a gap to step through.</p> <p>YOGA</p> <p>Balance: To understand that if I use the whole of the body part in contact with the floor, it will help me to balance.</p> <p>Flexibility: To know that if I move as I breathe out I can stretch a little bit further.</p> <p>Strength: To understand that I need to use different muscles for different poses.</p> <p>Mindfulness: To know that I can use my breath to focus.</p>	<p>FOOTBALL</p> <p>Sending & receiving: know that pointing my hand/foot/stick to my target on release will help me to send a ball accurately.</p> <p>Dribbling: know that dribbling is an attacking skill which helps us to move towards a goal or away from defenders.</p> <p>Space: know that by spreading out as a team we move the defenders away from each other.</p> <p>Attacking and defending: know my role as an attacker and defender.</p> <p>Tactics: know that using simple tactics will help my team to achieve an outcome e.g. we will each mark a player to help us to gain possession.</p> <p>Rules: know the rules of the game and begin to apply them.</p> <p>DANCE</p> <p>Actions: understand that sharing ideas with others enables my group to work collaboratively and try ideas before deciding on the best actions for our dance.</p> <p>Dynamics: understand that all actions can be performed differently to help to show effect.</p> <p>Space: understand that I can use space to help my dance to flow.</p> <p>Relationships: understand that 'formation' means the same in dance as in other activities such as football, rugby and gymnastics.</p> <p>Performance: understand that I can use timing techniques such as canon and unison to create effect.</p> <p>Strategy: know that if I show sensitivity to the music, my performance will look more complete.</p>	<p>HANDBALL</p> <p>Sending & receiving: know that pointing my hand/foot/stick to my target on release will help me to send a ball accurately.</p> <p>Dribbling: know that dribbling is an attacking skill which helps us to move towards a goal or away from defenders.</p> <p>Space: know that by spreading out as a team we move the defenders away from each other.</p> <p>Attacking and defending: know my role as an attacker and defender.</p> <p>Tactics: know that using simple tactics will help my team to achieve an outcome e.g. we will each mark a player to help us to gain possession.</p> <p>Rules: know the rules of the game and begin to apply them.</p> <p>GYMNASTICS</p> <p>Shapes: understand how to use body tension to make my shapes look better.</p> <p>Balances: understand that I can make my balances look interesting by using different levels.</p> <p>Rolls: understand the safety considerations when performing more difficult rolls.</p> <p>Jumps: understand that I can change the take off and shape of my jumps to make them look interesting.</p> <p>Strategy: know that if I use different levels it will help to make my sequence look interesting.</p>	<p>BALL SKILLS</p> <p>Sending: know that pointing my hand/foot/stick to my target on release will help me to send a ball accurately.</p> <p>Catching: know to move my feet to the ball.</p> <p>Tracking: know that using a ready position will help me to react to the ball.</p> <p>Dribbling: know that dribbling is an attacking skill used in games which helps us to move towards a goal or away from defenders.</p> <p>GYMNASTICS</p> <p>Shapes: understand how to use body tension to make my shapes look better.</p> <p>Balances: understand that I can make my balances look interesting by using different levels.</p> <p>Rolls: understand the safety considerations when performing more difficult rolls.</p> <p>Jumps: understand that I can change the take off and shape of my jumps to make them look interesting.</p> <p>Strategy: know that if I use different levels it will help to make my sequence look interesting.</p>	<p>CRICKET</p> <p>Striking: know that striking to space away from fielders will help me to score.</p> <p>Fielding: know to look at where a batter is before deciding what to do. Know to communicate with teammates before throwing them a ball.</p> <p>Throwing: know that overarm throwing is used for long distances and underarm throwing for shorter distances.</p> <p>Catching: know to move my feet to the ball.</p> <p>Tactics: know that using simple tactics will help my team to achieve an outcome e.g. we will spread out to deny space.</p> <p>Rules: know the rules of the game and begin to apply them.</p> <p>ATHLETICS</p> <p>Running: understand that leaning slightly forwards helps to increase speed. Leaning my body in the opposite direction to travel helps to slow down.</p> <p>Jumping: know that if I jump and land in quick succession, the momentum will help me to jump further.</p> <p>Throwing: understand that the speed of the movement helps to create power.</p> <p>Rules: know the rules of the event and begin to apply them.</p>	<p>TENNIS</p> <p>Shots: know that pointing the racket face/my hand where I want the ball to go and turning my body will help me to hit accurately.</p> <p>Rallying: know that hitting towards my partner will help them to return the ball easier and keep the rally going.</p> <p>Footwork: know that moving to the middle of my court will enable me to cover the most space.</p> <p>Tactics: know that using simple tactics will help to achieve an outcome e.g. if we spread out, we can cover more space.</p> <p>Rules: know the rules of the game and begin to apply them.</p> <p>GOLF</p> <p>Striking: know that using a bigger swing will give me more power.</p> <p>Tactics: know that using simple tactics will help my team to achieve an outcome e.g. spread out so that we are harder to aim for.</p> <p>Rules: know the rules of the game and begin to apply them.</p>

<p>Year 4</p>	<p>TAG RUGBY Sending & receiving: know that cushioning a ball will help me to control it when receiving it. Space: know that moving into space will help my team keep possession and score goals. Attacking: recognise when to pass and when to shoot. Defending: know when to mark and when to attempt to win the ball. Tactics: know that applying attacking tactics will help to maintain possession and score goals. Know that applying defending tactics will help to deny space, gain possession and stop goals. Rules: know and understand the rules to be able to manage our own game.</p> <p>OAA Problem solving: know that discussing the advantages and disadvantages of ideas will help to guide us to a conclusion about which idea to use. Navigational skills: understand how to use a key and use the cardinal points on a map to orientate it. Communication: understand that there are different types of communication and that I can communicate without talking. Reflection: with increased accuracy, critically reflect on when and why I am successful at solving challenges. Rules: understand the importance of working with integrity.</p>	<p>GYMNASTICS Shapes: understand how shapes can be used to improve my sequence. Inverted movements: know that inverted movements are actions in which my hips go above my head. Balances: know how to keep myself and others safe when performing partner balances. Rolls: understand that I can keep the shape of my roll using body tension. Jumps: know that I can control my landing by landing toes first, looking forwards and bending my knees. Strategy: know that if I use different directions it will help to make my sequence look interesting.</p> <p>NETBALL Sending & receiving: know that cushioning a ball will help me to control it when receiving it. Dribbling: know that protecting the ball as I dribble will help me to maintain possession. Space: know that moving into space will help my team keep possession and score goals. Attacking: recognise when to pass and when to shoot. Defending: know when to mark and when to attempt to win the ball. Tactics: know that applying attacking tactics will help to maintain possession and score goals. Know that applying defending tactics will help to deny space, gain possession and stop goals. Rules: know and understand the rules to be able to manage our own game.</p>	<p>HOCKEY AND DODGEBALL Sending & receiving: know that cushioning a ball will help me to control it when receiving it. Dribbling: know that protecting the ball as I dribble will help me to maintain possession. Space: know that moving into space will help my team keep possession and score goals. Attacking: recognise when to pass and when to shoot. Defending: know when to mark and when to attempt to win the ball. Tactics: know that applying attacking tactics will help to maintain possession and score goals. Know that applying defending tactics will help to deny space, gain possession and stop goals. Rules: know and understand the rules to be able to manage our own game.</p>	<p>BASKETBALL Sending & receiving: know that cushioning a ball will help me to control it when receiving it. Dribbling: know that protecting the ball as I dribble will help me to maintain possession. Space: know that moving into space will help my team keep possession and score goals. Attacking: recognise when to pass and when to shoot. Defending: know when to mark and when to attempt to win the ball. Tactics: know that applying attacking tactics will help to maintain possession and score goals. Know that applying defending tactics will help to deny space, gain possession and stop goals. Rules: know and understand the rules to be able to manage our own game.</p> <p>FITNESS Agility: know that keeping my elbows bent when changing direction will help me to stay balanced. Balance: understand that I need to squeeze different muscles to help me to stay balanced in different activities. Co-ordination: understand that if I begin in a ready position I can react quicker. Speed: understand that a high knee drive, pumping my arms and running on the balls of my feet gives me power. Strength: understand that strength comes from different muscles and know how I can improve my strength. Stamina: understand that I need to pace myself when running further or for a long period of time.</p>	<p>ATHLETICS Running: understand that I need to pace myself when running further or for a long period of time. Understand that a high knee drive, pumping my arms and running on the balls of my feet gives me power. Jumping: understand that transferring weight will help me to jump further. Throwing: understand that transferring weight will help me to throw further. Rules: know and understand the rules to be able to manage our own events.</p> <p>DANCE: Actions: understand that some actions are better suited to a certain character, mood or idea than others. Dynamics: understand that some dynamics are better suited to a certain character, mood or idea than others. Space: understand that space can be used to express a certain character, mood or idea. Relationships: understand that some relationships are better suited to a certain character, mood or idea than others. Performance: know that being aware of other performers in my group will help us to move in time. Strategy: know that I can select from a range of dance techniques to translate my idea</p>	<p>ROUNDERS: Striking: know that using the centre of the bat will provide the most control and accuracy. Fielding: know that it is easier to field a ball that is coming towards me rather than away so set up accordingly. Throwing: understand that being balanced before throwing will help to improve the accuracy of the throw. Catching: know to track the ball as it is thrown to help to improve the consistency of catching. Tactics: know that applying attacking tactics will help to score points and avoid getting out. Know that applying defending tactics will help to deny space, get opponents out and limit points. Rules: know and understand the rules to be able to manage our own game.</p> <p>TENNIS: Shots: understand when to play a forehand and a backhand and why. Rallying: know that moving my feet to the ball will help me to hit in a more balanced position therefore increasing the accuracy of my shot. Footwork: know that getting my feet in the right position will help me to balance before playing a shot. Tactics: know that applying attacking tactics will help me to score points and create space. Know that applying defending tactics will help me to deny space, return a ball and limit points. Rules: know and understand the rules to be able to manage our own game.</p>
----------------------	--	---	---	---	---	---

<p>Year 5</p>	<p>YOGA Balance: understand that I need to apply force to maintain balance in a partner pose. Flexibility: understand that I can improve my flexibility when moving with my breath. Strength: know the muscles I am using by name. Mindfulness: understand that there are different techniques I can use to control how I feel.</p> <p>GOLF Striking: know that aligning my body and equipment before striking will help me to be balanced. Tactics: understand the need for tactics and identify when to use them in different situations. Rules: understand and apply rules in a variety of target games whilst playing and officiating.</p> <p>SWIMMING Strokes: know that lifting my hips will help me to stay afloat whilst swimming. Breathing: know that turning my head to the side to breathe will allow me to swim with good technique. Water safety: know that treading water enables me to keep upright and in the same space. Rules: know that the water should be clear of swimmers before entering.</p>	<p>FOOTBALL Sending & receiving: know that not having a defender between myself and a ball carrier enables me to s&r with better control. Dribbling: know that dribbling in different directions will help to lose a defender. Space: know that by moving to space even if not receiving the ball will create space for a teammate. Tactics: understand the need for tactics and identify when to use them in different situations. Rules: understand and apply rules in a variety of invasion games whilst playing and officiating.</p> <p>VOLLEYBALL Shots: know which skill to choose for the situation e.g. a volley if the ball is close to the net. Serving: know that serving is how to start a game or rally and use the rules applied to the activity for serving. Rallying: know that playing the appropriate shot will help to keep the rally going. Know that control is more important than power to keep a rally going. Footwork: know that using small, quick steps will allow me to adjust my stance to play a shot. Tactics: understand the need for tactics and identify when to use them in different situations. Rules: understand and apply rules in a variety of net and wall games whilst playing and officiating.</p> <p>SWIMMING Strokes: understand that keeping my legs together for crawl helps me to stay straight in the water. Breathing: know that breathing out with a slow consistent breath enables me to swim for longer before needing another breath. Water safety: know what to do if I fall in the water. Rules: understand the water safety rules.</p>	<p>DODGEBALL Throwing: know to aim low to make it difficult for an opponent to catch. Catching (dodgeball): know to stay towards the back of the court area to give me more time to catch. Striking: know that aligning my body and equipment before striking will help me to be balanced. Tactics: understand the need for tactics and identify when to use them in different situations. Rules: understand and apply rules in a variety of target games whilst playing and officiating.</p> <p>FITNESS Agility: understand that to change direction I push off my outside foot and turn my hips. Balance: understand that dynamic balances are harder than static balances as my centre of gravity changes. Co-ordination: understand that people will have varying levels of co-ordination and that I can get better with practice. Speed: understand that taking big consistent strides will help to create a rhythm that allows me to run faster. Strength: know the muscles I am using by name. Stamina: understand that keeping a steady breath will help me to move for longer periods of time.</p> <p>SWIMMING Strokes: understand that pulling harder through the water will enable me to travel the distance in fewer strokes and travel faster. Breathing: know that breathing every three strokes helps to balance my stroke and allows me to practise breathing on both sides. Water safety: know that a group of people can huddle together to conserve body heat, support each other and provide a larger target for rescuers. Rules: understand rules in and around water.</p>	<p>TENNIS Shots: know which skill to choose for the situation e.g. a volley if the ball is close to the net. Serving: know that serving is how to start a game or rally and use the rules applied to the activity for serving. Rallying: know that playing the appropriate shot will help to keep the rally going. Know that control is more important than power to keep a rally going. Footwork: know that using small, quick steps will allow me to adjust my stance to play a shot. Tactics: understand the need for tactics and identify when to use them in different situations. Rules: understand and apply rules in a variety of net and wall games whilst playing and officiating.</p> <p>NETBALL Sending & receiving: know that not having a defender between myself and a ball carrier enables me to s&r with better control. Dribbling: know that dribbling in different directions will help to lose a defender. Space: know that by moving to space even if not receiving the ball will create space for a teammate. Tactics: understand the need for tactics and identify when to use them in different situations. Rules: understand and apply rules in a variety of invasion games whilst playing and officiating.</p> <p>SWIMMING Strokes: understand that making my body streamlined helps me to glide through the water. Breathing: understand that the more I practice my breathing in the water, the more my heart and lungs can work effectively and aid my muscles with the ability to utilise oxygen when swimming. Water safety: know which survival technique to use for the situation. Rules: understand that different environments have different rules to keep us safe around water</p>	<p>ATHLETICS Running: understand that taking big consistent strides will help to create a rhythm that allows me to run faster. Understand that keeping a steady breath will help me when running longer distances. Jumping: know that if I drive my knees high and fast I can build power and therefore distance in my jumps. Throwing: know how to transfer my weight in different throws to increase the distance. Rules: understand and apply rules in a variety of events using official equipment.</p> <p>GYMNASTICS: Shapes: understand that shapes underpin all other skills. Inverted movements: understand that sometimes I need to move slowly to gain control and other times I need to move quickly to build momentum. Balances: understand how to use contrasting balances to make my sequences look interesting. Rolls: understand that I need to work within my own capabilities and this may be different to others. Jumps: understand that I can use jumps to link actions and changing the shape of these will make my sequence look interesting. Strategy: know that if I use different pathways it will help to make my sequence look interesting.</p> <p>FOOTBALL Sending & receiving: know that not having a defender between myself and a ball carrier enables me to s&r with better control. Dribbling: know that dribbling in different directions will help to lose a defender. Space: know that by moving to space even if not receiving the ball will create space for a teammate. Tactics: understand the need for tactics and identify when to use them in different situations. Rules: understand and apply rules in a variety of invasion games whilst playing and officiating.</p>	<p>DANCE Actions: understand that different dance styles utilise selected actions to develop sequences in a specific style. Dynamics: understand that different dance styles utilise selected dynamics to express mood. Space: understand that space relates to where my body moves both on the floor and in the air. Relationships: understand that different dance styles utilise selected relationships to express mood. Performance: understand what makes a performance effective and know how to apply these principles to my own and others' work. Strategy: know that if I use dance principles it will help me to express an atmosphere or mood.</p> <p>OAA Problem solving: recognise that there may be more than one way to solve a challenge and that trial and error may help to guide me to the best solution. Navigational skills: use a key to identify objects and locations. Communication: know to be descriptive but concise when giving instructions e.g. 'two steps to the left'. Reflection: reflect on when I am successful at solving challenges and alter my methods in order to improve. Rules: know that abiding by rules will enable my classmates to complete the course e.g. not moving controls.</p>
----------------------	--	--	--	--	--	--

<p>Year 6</p>	<p>TAG RUGBY Sending & receiving: understand and make quick decisions about when, how and who to pass to. Dribbling: choose the appropriate skill for the situation under pressure e.g. a V dribble in basketball to keep the ball away from a defender. Space: understand that transitioning quickly between attack and defence will help my team to maintain or gain possession. Tactics: know how to create and apply a tactic for a specific situation or outcome. Rules: understand, apply and use rules consistently in a variety of invasion games whilst playing and officiating.</p> <p>BADMINTON Shots: understand the appropriate skill for the situation under pressure e.g. choosing to play the ball short over the net if I have just moved my opponent to the back of the court. Serving: begin to apply tactics when serving e.g. aiming to serve short on the first point and then long on the second point. Rallying: understand how to play different shots depending on if a rally is co-operative or competitive. Footwork: know that using the appropriate footwork will help me to react to a ball quickly and give me time to prepare to play a shot. Tactics: understand when to apply some tactics for attacking and/or defending. Rules: understand, apply and use rules consistently in a variety of net and wall games whilst playing and officiating.</p>	<p>DANCE Actions: understand that actions can be improved with consideration to extension, shape and recognition of intent. Dynamics: understand that selecting a variety of dynamics in my performance can help to take the audience on a journey through my dance idea. Space and relationships: know that combining space and relationships with a prop can help me to express my dance idea. Performance: understand how a leader can ensure our dance group performs together. Strategy: know that if I keep in character throughout, it will help me to express an atmosphere or mood that can be interpreted by the audience.</p> <p>BASKETBALL Sending: understand and make quick decisions about when, how and who to pass to. Catching: know how to catch a ball for different situations, considering trajectory, speed, height and size of the ball. Tracking: know how to track a ball for different situations, considering trajectory, speed, height and size of the ball. Dribbling: choose the appropriate skill for the situation under pressure e.g. a V dribble in basketball to keep the ball away from a defender.</p>	<p>GYMNASTICS Shapes: know which shapes to use for each skill. Inverted movements: understand that spreading my weight across a base of support will help me to balance. Balances: know where and when to apply force to maintain control and balance. Rolls: understand that I can use momentum to help me to roll and know where that momentum from. Jumps: understand that taking off from two feet will give me more height and therefore more time in the air. Strategy: know that if I use changes in formation it will help to make my sequence look interesting.</p> <p>HOCKEY Sending & receiving: understand and make quick decisions about when, how and who to pass to. Dribbling: choose the appropriate skill for the situation under pressure e.g. a V dribble in basketball to keep the ball away from a defender. Space: understand that transitioning quickly between attack and defence will help my team to maintain or gain possession. Tactics: know how to create and apply a tactic for a specific situation or outcome. Rules: understand, apply and use rules consistently in a variety of invasion games whilst playing and officiating.</p>	<p>ATHLETICS Running: understand that I need to prepare my body for running and know the muscle groups I will need to use. Jumping: understand that a run up builds speed and power and enables me to jump further. Throwing: understand that I need to prepare my body for throwing and know the muscle groups I will need to use. Rules: understand and apply rules in events that pose an increased risk.</p> <p>TENNIS Shots: understand the appropriate skill for the situation under pressure e.g. choosing to play the ball short over the net if I have just moved my opponent to the back of the court. Serving: begin to apply tactics when serving e.g. aiming to serve short on the first point and then long on the second point. Rallying: understand how to play different shots depending on if a rally is co-operative or competitive. Footwork: know that using the appropriate footwork will help me to react to a ball quickly and give me time to prepare to play a shot. Tactics: understand when to apply some tactics for attacking and/or defending. Rules: understand, apply and use rules consistently in a variety of net and wall games whilst playing and officiating.</p>	<p>CRICKET Striking: understand that the momentum and power for striking a ball comes from legs as well as arms. Fielding: know which fielding action to apply for the situation. Throwing and catching: consistently make good decisions on who to throw to and when to throw in order to get batters out. Know that accuracy, speed and consistency of throwing and catching will help to limit a batter's score. Tactics: understand and apply some tactics in the game as a batter, bowler and fielder. Rules: understand, apply and use rules consistently in a variety of striking and fielding games whilst playing and officiating.</p> <p>FITNESS Agility: understand that agility requires speed, strength, good balance and co-ordination. Balance: know where and when to apply force to maintain control and balance. Co-ordination: understand that co-ordination also requires good balance and know how to achieve this. Speed: know that speed can be improved by training and know which speed to select for the distance. Strength: understand that I can build up my strength by practicing in my own time. Stamina: know which exercises can develop stamina and understand that it can be improved by training over time.</p> <p>SWIMMING Strokes: understand that making my body streamlined helps me to glide through the water. Breathing: understand that the more I practice my breathing in the water, the more my heart and lungs can work effectively and aid my muscles with the ability to utilise oxygen when swimming. Water safety: know which survival technique to use for the situation. Rules: understand that different environments have different rules to keep us safe around water</p>	<p>ROUNDERS Striking: understand that the momentum and power for striking a ball comes from legs as well as arms.
